**OFFICIAL****INTERVIEW SUMMARY**

Sir:

The following is a Summary of Record of Interview for the interview conducted on April 8, 2004, between Examiner Woo and Applicant's representative Marcel K. Bingham.

1. Claims discussed: 1, 7, and 12
2. Cited art discussed: Sasaki Kanzunobu (Japanese Publication No. 11-16156)
3. A principle amendment discussed was the following amendment to claim 1, "wherein the database query references an array that has one or more dimensions that correspond to a column of the relational structure."
4. The following arguments were made:

OID 2000-105-01

50277-1546

(a) With respect to claim 7, Sasaki fails to disclose all the limitations, and in particular, *a database query that references data in a relational structure as if the data was stored in a multi-dimensional array.*

(b) With respect to the proposed amendment to claim 1, Sasaki fails to disclose the amendment.

(c) With respect to claims 1 and 12, Sasaki fails to disclose steps required to be performed by a database server.

5. The general outcome of the interview was that agreement was not reached about the patentability of the claims, or that an amendment, including the proposed amendment to claim 1, was needed to overcome the prior art.

Respectfully submitted,

HICKMAN PALERMO TRUONG & BECKER LLP
